CREATING  
OUR FUTURE

When your friends are freezing "down south", we hope you will be living it up in "sunny Queensland" at the Asian Pacific Specials, Health and Law Librarians' Conference. Just think of it - sun AND intellectual stimulation AND entertainment. All yours from the 23 to 27 August 1993.

The minor setback of having the Conference Department of ALIA disbanded has now been turned to our advantage. We have appointed the private conference organisers, Intermedia, in their stead. Intermedia know Brisbane and the Gold Coast and have some great ideas for the social side of the Conference. They were the organisers of the highly successful 1984 Conference in Brisbane.

We have had a marvellous response to our call for speakers. We know that they will provide the intellectual stimulation. Susan Heath, soon to be Principal Librarian at the Administrative Appeals Tribunal, has had a busy time organising who will talk about what and when, who will provide papers and who will participate in panel discussions.

The format for the Conference will provide for greater unity within professions and subject areas. The Conference will not have the usual concurrently running sessions but have plenary and featured speakers each day, along with panel discussions. The speakers will be drawn from the library, legal, health, management and information technology professions. There will be a variety of specialist topical law poster papers on Friday morning - the last day of the Conference.
