FISHERIES LEVY AMENDMENT BILL 1985

EXPLANATORY MEMORANDUM

(Circulated by authority of the Minister for  
Primary Industry, the Hon. John Kerin, MP)

## OUTLINE

The Fisheries Licences Levy Act 1984 imposes levy on the granting of fisheries licences in prescribed classes and provides for amounts of levy to be as prescribed in the regulations and for the manner of payment of levy.

The Bill adds to the Principal Act, power to impose levy on the renewal or variation of a licence in a prescribed class or on the allocation, or renewal of the allocation, of prescribed classes of units of fishing capacity determined in a plan of management for a fishery under s.7B(1) of the Fisheries Act 1952 as proposed to be amended. The Bill also provides with respect to amounts of levy payable and the manner of payment of the levy and authorises the regulations to provide for matters by application of the matters in a plan of management.

This Bill and its associated Fishing Legislation Amendment Bill have no direct implications in themselves for revenue or expenditure.
