## THREATENED SPECIES CONSERVATION ACT 1995 No 101

### Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of plant in Part 2 of Schedule 1 to that Act (Endangered populations) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

#### Plants

##### Fabaceae

*Acacia prominens* Cunn. ex Don                      Gosford Wattle, Hurstville and Kogarah  
Local Government Areas

The final determination to insert this population in Part 2 of Schedule 1 has been made because the Scientific Committee is of the opinion that the population has been reduced to such a critical level and its habitat has been so drastically reduced that it is in immediate danger of extinction, that it is disjunct from other populations, that it is near the limit of its geographic range and that it is of significant conservation value.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 18th day of September 1998.

Dr Chris Dickman  
Chairperson  
Scientific Committee

**Annexure "A"**

**Schedule 1** to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 2 in alphabetical order under the heading “Plants” and the sub-heading “Fabaceae”, the matter:

*Acacia prominens* Cunn. ex Don

Gosford Wattle, Hurstville and Kogarah  
Local Government Areas
